

# NEWSTEAD WOOD SCHOOL

"creating opportunities for success"

13 September 2024

Dear Parent / Carer

## Year 13 A Level Biology Field Course at Flatford Mill, Suffolk

I am writing to provide you with further details about the A level Biology field course (Wednesday 27 November to Friday 29 November 2024) and to request the final payment for the trip.

### Final payment

As you know from my previous letter in March, the total cost per student for this trip is £270. We have already collected a £150 deposit from you to secure your child's place on the trip, therefore the remaining balance to pay is £120. I would be grateful if you could now arrange for this payment of £120 to be made via WisePay, no later than Monday 30 September 2024, (if you have not already paid £270 in full as the initial payment). This money pays for the return transport by coach from school to Flatford Mill, on site transport, accommodation, full board, a specialist local tutor and the use of the educational facilities and equipment at the FSC Centre. May I suggest that you take out your own Cancellation Insurance or check your annual policy, as the school will be unable to offer any refund at this stage. If you have any financial concerns with regards to payment for this trip, please contact [finance@newsteadwood.co.uk](mailto:finance@newsteadwood.co.uk) in confidence.

### The trip schedule

The field course will take place at a specialist Field Studies Council centre in Suffolk. The address of this centre is: *Flatford Mill Field Centre, East Bergholt, Suffolk, CO7 6UL*. Mr Mansell, Ms Robinson, and Mr Botley, are the other members of school staff accompanying this trip.

### **Departure - Wednesday 27 November 2024**

- Coach picks up from school (near Tennis Centre) at 9.00am
- Arrive at Flatford Field Centre at approximately 11.00am

### **Return - Friday 29 November 2023**

- Coach departs from Flatford Field centre at 4.00pm
- Arrive back at school at approximately 6.00pm

A more detailed itinerary will be shared with the students once these details have been finalised with the field centre.

**Headteacher:** Mr Alan Blount, MA, BSc, QTS

Newstead Wood School is part of United Learning. United Learning comprises: UCST (Registered in England No: 2780748. Charity No. 1016538) and ULT (Registered in England No. 4439859. An Exempt Charity). Companies limited by guarantee. VAT number 834 8515 12. Registered address: United Learning, Worldwide House, Thorpe Wood, Peterborough, PE3 6SB.

### **Accommodation and what to pack**

Further details about the accommodation and facilities at the centre can be found here - <https://www.field-studies-council.org/centres/flatfordmill.aspx>. I will be arranging directly with the students which room they will stay in and with whom they wish to share the room. If there are any concerns about this, I would ask that your child speak to me directly. The course will involve spending long periods of the day outside to complete ecology studies, it is therefore essential that your child brings enough warm and waterproof clothing to ensure they remain comfortable working outside. Your child will need to bring the following items:

#### **Essential items**

- Towel
- Toiletries
- Lunch for Wednesday 27 November only
- Warm clothing (several layers)
- Waterproof clothing including waterproof trousers
- Gloves, scarf and hat
- Wellington boots and sturdy walking shoes
- General clothing (should comply with school rules for non-uniform days)
- Pyjamas
- Hand sanitizer
- Lunch box and drink bottle (refillable).
- Stationery, such as writing paper, pens, pencils, calculator, ruler, clipboard and folder to keep notes in.
- Rucksack to take items out during the day
- Any essential medication

#### **Additional items that may be useful**

- Insect repellent
- Camera (will enhance project work with photos of area of study)
- Torch
- Rubber washing up gloves to go over woolly gloves when working on the salt marsh to ensure hands stay dry and warm
- Snacks (as there are no shops nearby)

### **Medical information and dietary requirements**

I will be using the records on Arbor for medical and parent contact details in preparation for the trip, so please do ensure that your child's details are completely up to date and correct by checking the parent portal

on Arbor. Please can you also let me know about your child's dietary requirements by completing this short online form: <https://forms.office.com/e/NYWSDtx6ne>. Essential medical and dietary requirements will also be shared with the staff at Flatford Mill Field Studies Council Centre, for the purpose of trip safety.

Please also see attached the safety information leaflet provided by the Field Studies Council, about hazards that can commonly exist in rural areas. The students will be reminded about how to protect themselves against these potential hazards during the field course.

### **Code of Conduct**

I require a code of conduct to be read and signed by you to show your acceptance, which can be accessed here: <https://forms.office.com/e/YHKmnWZ5kl>

### **Emergency contact information:**

Should you have an urgent need to contact your child whilst we are away on the trip, please use the following contact details: **07946 400113**

(School mobile carried by trip leader, Mrs Lebreuilly – mobile reception can be limited in rural areas).

Field Centre office telephone number: 01206 297110.

Please do now arrange for the final instalment of £120 to be paid on WisePay, no later than **Monday 30 September**. I hope that the students will enjoy the trip and find it to be a valuable learning experience, even if the autumnal weather is disagreeable.

If you have any queries, do not hesitate to contact me.

Yours sincerely

*Mrs Lebreuilly*

**Mrs J Lebreuilly**  
**Head of Biology and Head of Science**
