

NEWSTEAD WOOD SCHOOL

"creating opportunities for success"

3 October 2024

Dear Parent/Carer

Calculator for A Level Mathematics and Further Mathematics

Mathematics students in Year 12 and 13 need a calculator with statistical tables built into it. A basic calculator such as a Casio fx-991 CW ClassWiz is sufficient (see: <https://www.casio.co.uk/fx-991cw>). A graphical calculator such as a CASIO CG50 (see: <https://www.casio.co.uk/fx-cg50>) coupled with a sound knowledge of how to use it gives students a significant advantage in examinations. Those taking Further Mathematics, will find a CG50 graphical calculator an especially useful (essential) tool. For A Level Mathematics and Further Mathematics at Newstead Wood School our recommended model of calculator is thus the CASIO CG50 Graphical Calculator.

As can be seen the CG50 has an RRP of £139.99 but all schools have access to special educational pricing and thus we can offer this calculator for £75. To purchase the CASIO CG50 graphical calculator for £75 please select the appropriate option on WisePay. Once ordered, calculators will be available from Mr Davis' office in ES5 (please show proof of purchase when collecting your calculator).

Please contact me or any mathematics teacher if you have any further questions.

Kind regards

Mr J Davis
Teacher of Mathematics

Headteacher: Mr Alan Blount, MA, BSc, QTS

Newstead Wood School is part of United Learning. United Learning comprises: UCST (Registered in England No: 2780748. Charity No. 1016538) and ULT (Registered in England No. 4439859.
